Washington, D.C. – Today, in the face of a recent Department of Transportation announcement that the

H.R. 6532, which originally passed the House in July, passed the House again today after Senate approval.

“The fact that the Highway Trust Fund is almost broke is a critical problem. Without the additional funds

California alone stood to lose nearly \$1 billion in funding without this fix and projects would have faced n

Locally, projects that would have been at risk had the Highway Trust Fund not been restored include the

With final House passage the bill now heads to President Bush’s desk. Presuming the President signs i
